WHAT ON EARTH ARE
THESE SMOKING GIZMOS
SUPPOSED TO BE?

THE TINDERNUTS? IT'S ANOTHER
ENHANCED HYBRID BREED FROM
ILSES' LAB...

WAIT! THE FRUIT HAPPENS TO BE JUST THE SHELL OF A WEIRD CREATURE...

THE *TINDERGNOME*!

A BEING
BETWEEN PLANT AND ANIMAL, FULL OF ENERGY!

IN LESS THEN A BLINK THEY'RE
ON THEIR CHOSEN HOST TREE,

SLAM THEIR SUCKER INTO THE STEMS
AND GET PLASTERED WITH RESIN.

LIKE TICKS THEY'RE HANGING THERE TILL
THE SUN INFLAMES THE BONE DRY BODIES.
